Re: Acquisition of the Remaining Shares
of Vires Energy Corporation (VEC)

Gentlemen:

We write further to our disclosure dated June 18, 2020 through which we announced the approval by our Board of Directors of A Brown Company, Inc.'s (ABCI) acquisition of all the outstanding shares of Vires Energy Corporation (VEC) and the initial acquisition of 99.995% of such VEC outstanding shares. Pursuant to the same authority granted by our Board of Directors, ABCI has acquired the remaining 0.005% of the shares of VEC, thus, increasing its ownership to 100%.

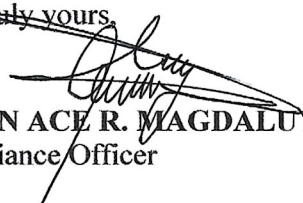

VEC is the proponent for the Integrated Floating LNG Storage and Regasification Terminal and the 450MW Floating Natural Gas-Fired Power Plant located in Barangay Simlong, Batangas City. Unlike the conventional land-based facility, the Project will use a Floating Power Plant (FPP) or power barge.

The Environmental Compliance Certificate (ECC) and Board of Investments registration for fiscal incentives has been secured for both the Floating Power Plant and the LNG Terminal components of the project. The Department of Energy (DOE) initially issued a Notice to Proceed (NTP) in April 2021 for the LNG Terminal component. An extension of the NTP was granted by DOE on January 2023 with a validity period extending to October 2023.

Vires Energy is currently seeking a long-term gas supply contract and baseload power off-take agreements. The power plant project is in a position to be in commercial operations by 2027.

Thank you for your kind attention.

Very truly yours,

ALLAN ACE R. MAGDALUYO
