Re: Acquisition of Alternergy’s 40% Equity in Alternergy Tanay Wind Corporation (ATWC) and Alabat Wind Power Corporation (AWPC) by A Brown Company, Inc.’s Subsidiary, ABC Energy Inc. (ABCEI)

Gentlemen:

Please be advised that ABC Energy Inc. (“ABCEI”), a wholly-owned subsidiary of A Brown Company, Inc. (“ABCI”), will acquire a 40% equity stake in each of two Alternergy project companies, Alternergy Tanay Wind Corporation (ATWC) and Alabat Wind Power Corporation (AWPC) which are developing the 128MW Tanay and 64MW Alabat wind projects, for an aggregate investment amount of P2.4 billion. Alternergy Holding Corporation’s (Alternergy) wind holding company, Alternergy Wind Holdings Corporation, will retain 60% ownership in ATWC and AWPC.

The Tanay and Alabat wind projects are both in advanced construction stages set for completion by early 2026.

The investment by ABC Energy Inc. marks a significant step in expanding its renewable energy portfolio following the divestment of its coal power interest in Palm Concepcion Power Corporation in July 2025. ABCEI’s P2.4 billion investment represents the largest single investment across the A Brown Group to date and aligns with its strategy to accelerate green energy initiatives. A Brown is also present in Tanay through its real estate holdings and development activities, contributing to the area’s continued growth.

The transaction is subject to regulatory review and to the approval of the Philippine Competition Commission.

ABC Energy Inc. is the energy holding subsidiary of listed A Brown Company, Inc. (PSE:BRN) and aims to be a trusted partner in powering progress through a diversified portfolio of sustainable and transformative energy projects across the Philippines. ABCEI is expanding its platform through select investments, strategic partnerships, and new project development, maintaining a technology-neutral approach across renewables and conventional energy. ABC Energy’s current portfolio includes a 20% stake in Peakpower Energy, Inc., which operates peaking power plants

in Mindanao with an aggregate capacity of 55MW; 100% ownership of Northmin Renewables Corporation (NRC), which is developing the Misor Wind Project and the Bukidnon Wind Project; and 100% ownership of Manolo Fortich Power Corporation (MFPC), which is developing a solar project in Bukidnon.

Alternergy is a renewable power pioneer with a portfolio of projects in wind, run-of-river hydro, utility-scale solar, commercial rooftop solar, battery storage, and offshore wind technologies. With robust expansion plans in the next two years, Alternergy aims to complete up to 1GW of renewable energy projects by 2030.

Thank you for your kind attention.

Very truly yours,

ALLAN ACE R. MAGDALUYO
